

MEMORANDUM FOR: DCI ✓  
DDCI

SUBJECT: Nicaraguan White Paper

Recall, about two weeks ago, we--along with others--received a memo from the White House asking for inputs to be given to Ambassador Reich (State) to be used in a new Nicaraguan White Paper.

DDI/ALA has the action on this. Attached you will find a copy of what has been provided to Reich's office so far. You will note that, although the intent is to produce an unclassified document which will include photography, the agreement is that the paper will remain classified in draft until it is agreed, by all parties, that what is contained therein can be released to the general public.

The objective is to have this paper ready for release/briefing prior to the return of Congress.
